EASY PAD REPLACEMENT
KOLAY PETEK DEĞİŞİMİ

- Quick Installation: Modular design with all-included setup—no external tanks needed.
- Auto Water Management: Refills water to ensure continuous operation without interruptions.
- Customizable Fit: Adjustable length and height for any space.
- Easy Maintenance: Tool-free cooling pad replacement with a special lock system.
- Powerful Pump: Different pump models available for all needs.
- Simple Cleaning: Built-in drain valve for hassle-free cleaning.
- Durable Build: Anti-UV, rustproof PVC ensures longevity.
- Weatherproof: All-plastic construction resists corrosion in harsh conditions.
- Cost-Effective: Saves water, reduces maintenance time, and lowers operational costs.
